## Memento

Lists are the only way  
out of this mess.

## Memory

Who is it that can  
tell me who I am?

—

Shakespeare, *King  
Lear*

I am interested in PIM and its role in memory and  
our sense of identity, especially when it comes to  
aging and dementia.

## Memento mori

All photographs are  
memento mori. To take a  
photograph is to  
participate in another  
person's mortality,  
vulnerability, mutability.  
Precisely by slicing out  
this moment and  
freezing it, all  
photographs testify to  
time's relentless melt.
